ABOUT THE INSTITUTION

Bundelkhand Institute of Engineering & Technology, Jhansi has proved to be the most preferred destination for aspiring technologists across the country. The institute consistently attracts the finest

faculty and the best of students for its Bachelor's and Master's programmes. B.I.E.T has a rich tradition of pursuing excellence and has continually re-invented itself in terms of academic programmes and research infrastructure. Students are exposed to challenging research based academics and a host of sport, cultural and organizational activities on its vibrant campus. The presence of world class facilities, vigorous institute-industry collaboration programmes, interdisciplinary research collaborations and industrial training opportunities help students of B.I.E.T to excel and be ahead in the competitive professional environment. In the last twenty five years, B.I.E.T has produced many illustrious professionals, whose contributions at national and international levels have been significant.

ABOUT THE DEPARTMENT

Department was established in 1989 and every year a batch of 60 engineers accomplished its education. The department has an ardent ambience to channelize the effort of students and enhance their technical skills. The department Courses are composed of subjects giving extensive coverage to basic principles and exposing students to both theoretical concepts and practical aspects, special emphasis is given on Microprocessor and its support chips, Automation in Process Industries, Digital Switching transmission network, Satellite System, Processing & Data Communication Networks.

ABOUT JHANSI

The institute is located 12 K.M. away from the Jhansi railway station on NH-25 (Jhansi Kanpur national highway). Jhansi city, situated between the rivers Pahunj and Betwa is a symbol of bravery, courage and self respect. It is said that in ancient times Jhansi was a part of the regions Chedi Rashtra, Jejak Bhukit, Jajhoti and Bundelkhand.
