Dear Sir/ Madam,
Greetings from All India Council for Technical Education.

We are glad to inform you that AICTE, IIT Bombay and ISRO, are jointly inviting all Indians - to produce maps using Indian remote sensing data. Mapathon is a map-making competition for a specific problem statement. The primary objective is to understand the potential of ISRO's Indian remote sensing data and make maps for Indian regions using free open source mapping software (e.g. QGIS). The participants will collectively work in a crowd sourcing method for jointly producing thematic maps of India using Indian remote sensing data.

Eligibility to participate: All Indian Nationals
Registration: 07 Dec. 2020 - 18 Dec. 2020
Submission: 14 Dec. 2020 - 31 Dec. 2020
Results: 04 Jan. 2021 - 10 Jan. 2021
Registration Link: https://tinyurl.com/y38qfvqb

A national level collaborative Indian Mapping Event

Lets Map India Together!

IITB-ISRO-AICTE Mapathon

Registration:
07 Dec. - 18 Dec. 2020

Submission:
14 Dec. - 31 Dec. 2020

Results:
04 Jan. 2021 - 10 Jan. 2021

bhuvan

About Mapathon:

The data collected from ISRO platforms have tremendous potential in mapping India's resources, agriculture, climate and disaster management, rural and urban planning and in identifying pathways for future development. Such maps can be created using Free open Source platforms such as QGIS. Let us join together to create such maps through the Mapathon and end to end innovative solutions through Hackathon.

Benefits:

- Build Capacity in the Country in Space Applications towards making India an Aatma Nirbhar Bharat & Global GIS hub

- Enabler Platform for Collaborative Problem Solving
