Subject Re:Application No- 2900-03/05/2018: reg.

Attachment

Dear Madam/Sir,

Dear Sir/Madam

Please refer our above mentioned application no. 2900-03/05/2018: for the on-line submission of e SAR of Mechanical Engineering from this Institute. We noticed the following observation from NBA which reads about the data inclusion of CAY 2018-19 as well. In this regard we want to submit the following requests:

1. The faculty of session CAY 2018-19 was already included in SAR submitted for AY 2017-18, hence no change in position w.r.t. number of faculty. However one faculty has been awarded PhD Degree.
2. Please clarify if the results of Odd Sem session CAY 2018-19 is to be included. If so it is to inform that, since the result of odd semester 2018-19 is yet to be declared, hence some more time is required before submission.
3. However if it is desired, the SAR for CAY 2018-19 may be submitted earlier with all changes, but without the result analysis of Odd sem of session 2018-19.

Kindly inform whether we should wait for the result of Odd semester, or submit it earlier without the same.

Thanks and regards

Prof Abhay Kumar Verma
Coordinator
NBA

Please refer to your application No- 2900-03/05/2018. We have received the visit dates and online SAR in respect of 1 UG Engineering program. Whereas, the data submitted by the Institute in the SAR is upto the academic year 2017-18. You are requested to update the SAR in respect of the above application from the academic year 2015-16 to 2018-19.

Kindly submit the updated SAR in respect of the application no. 2900-03/05/2018 through email (as attachment) on eNBA portal at the earliest so that visit could be arranged.

Kindly mention the CAY as CAY(2018-19) in SAR.
